Hello,

its a lovey day here in Somerset. Can't wait to get out and have a proper go with my camera....

Last week while doing some gardening and feeding the bird table I noticed a butterfly, pretty sure it was a peacock... it was so fast. Then while at the Country park watching the children play, there was a yellow butterfly flying around.. sadly didnt have my camera with me. But it was lovely to see..

just waiting for more.

I have purchased a budlehia from the poundshop, its growing lovely.. what other plants could i have in the garden to bring the butterflies in. I also have lavender, looking a bit tired, so might cut it back, not sue if this is the right thing to do..

have a great weekend!!

Amanda
