29th April!!! Must be a full month earlier than last year!! We had just 1 Glanville at Wheelers Bay on about 28th or 29th May last year (2013) & they were just coming out then!!

Cheers,

Nice one 😊

I am heading down to the loW for the first time next bank holiday, May 26th, for a few days, stopping in Ventnor. I took a bit of a flyer on the timing as my opportunities are limited due to work and family commitments so I was hoping to see some sightings, particularly as I was not sure how the winter storms had effected things down there.

Cheers,

Neil F.
